We're easy to do business with, and we deliver any service or product you need with outstanding personal service and a 100% satisfaction guaranteed policy.

André Desjardins
President

Struggling with where to start?

Take a simple step.

Software. Hardware. Digital imaging. Patient Education. Support.

Incorporating patient education software shouldn't be a stumbling block. With CAESY DVD, hundreds of unique multimedia presentations on the most-requested topics in oral health care are available at the push of a button. Valuable information about diagnoses and procedures for your patients - understanding and treatment compliance for you. Educate your patients while you treat them. With our variety of patient education offerings, let us lead the way.

Call 1.800.294.8504 for more information or visit us at www.caesy.com.

Take Flight with EagleSoft

The Revolution is Building Speed

The days of stark treatment rooms, tedious paper charts and bridged software systems are long gone. Today's dentistry is all about comfort and convenience for the patient and practitioner alike.

Is your practice ready for the revolution?

Join the thousands who have transformed their practice to reach unparalleled levels of productivity, efficiency and ease. Don't let the revolution pass you by.

The digital edge

You know that adding digital imaging can help improve patient care, streamline your practice, and increase productivity. And you see your peers incorporating a variety of tools in their own practice. But between choosing the right software, learning to use it, and transitioning data, the prospect of going digital can be daunting. Patterson Dental is offering you the complete solution. Going Digital is now more attainable than ever before.
