

Comprehensive Life Insurance

AED+PLUS™

The First and Only Full-Rescue AED.

The ZOLL AED Plus™ does more than just defibrillate. It is the only AED that insures infrequent rescuers respond appropriately during a sudden cardiac arrest emergency. How? It coaches them quickly and simply through every important step of the rescue process.

Only the AED Plus with its exclusive, one-piece electrode can measure the rate and depth of chest compressions during CPR and can tell rescuers immediately how well compressions are being performed. With graphic and audio prompts that deliver instantaneous feedback, only the AED Plus insures rescuers can perform the most effective CPR. And every victim needs the best possible CPR to survive.

When it comes to helping both rescuers and victims, nothing compares to the AED Plus. Choose the only AED that gives you comprehensive life insurance. Because too much is at stake. For complete information on the AED Plus, call 800-804-4356, or visit www.zoll.com/workplace.
