GALILEOS

Sirona's 3D cone-beam X-ray – taking dentistry into the next dimension.

| | |
|-------------------|---|
| Treatment Centres | ONE SINGLE SCAN - Quick, comprehensive scan of patient's oral/maxillofacial region at a very low dose |
| Instruments | SUPERIOR DIAGNOSTICS - Familiar panoramic view with unique, real time evaluation window to scroll through 3D anatomy |
| Imaging | WORKFLOW INTEGRATION - Powerful, integrated diagnosis and planning system, and surgical guides for implantology |
| CEREC | When you're ready to take your practice into the next dimension, think clearly. Think Sirona's GALILEOS Imaging Solution. Contact your Patterson representative or visit our website www.pattersondental.ca |
